CURRENT REPORT NO. 31/2026

DATED 2 JULY 2026

Subject: Submission of an application to terminate the co-financing agreement for the AtriClamp project.

Legal basis: Article 56 section 1 item 2 of the Act on Public Offering – current and periodic information.

The Management Board of Medinice S.A. (the “Issuer”, the “Company”), with reference to ESPI report No. 10/2025 – Obtaining co-financing for the “AtriClamp” project, announces that today the Management Board of the Issuer submitted an application to terminate the agreement dated 9 May 2025, concluded with the Management Board of the Mazowieckie Voivodeship, concerning co-financing under the European Funds for Mazovia 2021–2027 Programme, Priority – European Funds for a more competitive and smarter Mazovia, Measure – Research, development and innovation of enterprises, call number: FEMA.01.01-IP.01-013/24, for the implementation of the AtriClamp project.

The decision to take steps aimed at terminating the above-mentioned agreement results from an analysis of the current project, regulatory and business circumstances.

In the Company's opinion, continuation of the co-financing agreement would limit the Company's flexibility and ability to select business, technological and commercial partners, which is of key importance at the current stage of the project's development and discussions with potential strategic partners.
